

Material Safety Data Sheet

NFPA	HCS Risk Phrases	Protective Clothing
	Not controlled under the HCS (United States).	

Section I. Chemical Product and Company Identification

Common Name Trade Name	FILL FLOW	Last Update 01/31/2005
Supplier/ Manufacturer:	FRITZ-PAK CORPORATION 11220 Grader Street Suite 600 Dallas, TX, 75238, U. S. A. Tel: 214-221-9494 Fax: 214-349-3182	
Chemical Family	Sulfonated Organic Polymer	

Section II. Composition and Information on Ingredients - Non-Hazardous

Section III. Hazards Identification

Potential Acute Health and Effects	Crystalline Silica — less than 1%, 20 mppcf.
------------------------------------	--

Section IV. First Aid Measures

Eye Contact	NO known EFFECT on eye contact, rinse with water for a few minutes..
Skin Contact	NO known EFFECT on skin contact, rinse with water for a few minutes..
Inhalation	Allow the victim to rest in a well ventilated area. Seek immediate medical attention.
Ingestion	Remove dentures if any. Have conscious person drink several glasses of water or milk. NEVER give an unconscious person anything to ingest. Seek medical attention.

Section V. Fire and Explosion Data - Non-Flammable

Flammability of the Product	Non-flammable.
Products of Combustion	Not applicable.
Fire Fighting Media and Instructions	Not applicable.

Section VI. Accidental Release Measures

Small Spill	Non-toxic, vacuum clean spillage. Wet sweep or wash away.
-------------	---

Section VII. Handling and Storage

Storage	No specific storage is required.
---------	----------------------------------

Section VIII. Exposure Controls/Personal Protection - Non-Hazardous

Section IX. Physical and Chemical Properties		
Physical state and appearance	Solid	Odor Amine like.
Solubility	Partially soluble in cold water.	Color Tan

Section X. Stability and Reactivity Data

Stability	The product is stable.
Incompatibility with various substances	Slightly reactive to reactive with oxidizing agents. Non-reactive with reducing agents, combustible materials, organic materials, metals, acids, alkalis, moisture.
Corrosivity	Not considered to be corrosive for metals and glass to our database..

Section XI. Toxicological Information

Routes of Entry Ingestion.

Section XII. Ecological Information

Products of Biodegradation Possibly hazardous short term degradation products are not likely.

Toxicity of the Products of Biodegradation The product itself and its products of degradation are not toxic.

Section XIII. Disposal Considerations

Waste Disposal Non-toxic, vacuum clean spillage.

Section XIV. Transport Information - Non-Hazardous

The information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. Fritz-Pak Corporation assumes no responsibility for personal injury or property damage to vendees, users or third parties caused by the material. Such vendees or users assume all risks associated with the use of the material.
